A vintage CEC hi-rpm floor buffer. The machine features a long, black, adjustable handle with a grip at the top. The handle is attached to a motor housing that is red and white. The motor housing has "hi-rpm" and "CEC" printed on it. The motor housing is connected to a large, circular, grey buffer head. The buffer head has a red and white striped pattern on its side. The machine is shown against a plain, light-colored background.
